Miniature Incandescent Indicators

T–3 1/4 MINIATURE BAYONET BASE

See lamp ratings on page K.

Recognized under the component program of Underwriters' Laboratories Inc.

75W., 125V.

FOR MOUNTING IN 11/16" CLEARANCE HOLE FOR 2 TO 120V OPERATION

MATERIALS AND FINISHES

- **Mounting Bushing and Lens Holder:** Standard—Brass, polished chrome. Optional—White nickel, black nickel or satin chrome finish.
- **Mounting Nut:** Brass, white nickel finish.
- **Internal-tooth Lockwasher:** Phosphor bronze, white nickel finish.
- **Terminals: Solder** —Brass, hot tinned with elongated slot.
  Screw—Brass, white nickel finish.
  Quick Connect—Brass, tinned. Mate with standard female receptacles.

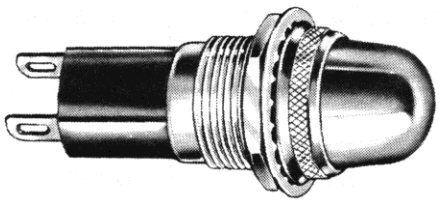

How to designate the three digit part number suffix (–XXX)

FINISH	RESISTOR	HARDWARE
1 – White nickel	0 – None	1 – Brass
2 – Black nickel		3 – Water-tight, on the face of the panel.
3 – Polished chrome		
4 – Satin chrome		

NOTE: The part numbers given in this catalog indicate **standard** indicator lights. The table above provides the standard and optional designations for **Finish** and **Hardware** where appropriate. Example: 95–1310–0931–**203** (black nickel finish with water-tight construction).

These assemblies also accommodate T –3 bulbs with miniature bayonet base, incandescent—in voltages from 6–120V. When lamps rated 2 watts or over are used, lens caps of high temperature plastic are required. Contact the factory for additional data and correct catalog number designations.

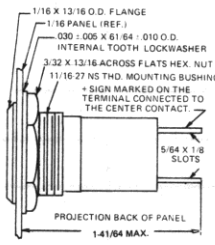

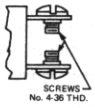

Part numbers listed in this catalog designate products with RED lens. For ordering lens colors other than red, consult chart on page 2D.
