

**Part Number :** [936000210](#)

**Product Description :** Heavy-Duty EMC -  
Electromagnetic Compatibility Metal Cable Gland with  
Gasket, for 8.00-12.00mm Cable, M20x1.5 Thread

**Series Number :** 93600

**Status :** Active

**Product Category :** Heavy-Duty Cable Glands

**Engineering Part Number :** 7000.7334.0

#### Compliance Statements

- EU RoHS
- REACH SVHC
- Low-Halogen

#### Industry Documents

- IPC 1752A Class C
- IPC 1752A Class D
- Molex Product Compliance Declaration
- IEC-62474
- chemSHERPA (xml)

#### Substances of Interest

- PFAS

#### EU RoHS Certificate of Compliance

## Additional Product Compliance Information

UKCA - Declaration of Conformity

CE - Declaration of Conformity

## Part Details

### General

|                  |                                                                                                                      |
|------------------|----------------------------------------------------------------------------------------------------------------------|
| Status           | Active                                                                                                               |
| Category         | Cable Glands                                                                                                         |
| Series           | 93600                                                                                                                |
| Description      | Heavy-Duty EMC - Electromagnetic Compatibility Metal Cable Gland with Gasket, for 8.00-12.00mm Cable, M20x1.5 Thread |
| Cable Gland Type | IP68 - EMC                                                                                                           |
| IP Rating        | IP68                                                                                                                 |
| Product Name     | Heavy-Duty Connectors                                                                                                |
| Standard         | EN 50262                                                                                                             |
| UPC              | 887191842424                                                                                                         |

### Physical

|                               |                |
|-------------------------------|----------------|
| Cable Diameter                | 8.00-12.00mm   |
| Material - Cable Gland        | Brass          |
| Material - Gasket             | Elastomer      |
| Material - Plating            | Nickel         |
| Net Weight                    | 32.000/g       |
| Packaging Type                | Bag            |
| Temperature Range - Operating | -40° to +125°C |
| Thread Size                   | M20x1.5        |
| Thread Type                   | (M) Metric     |

## Mates With / Use With

### Use with Part(s)

|             |                                                             |
|-------------|-------------------------------------------------------------|
| Description | Part Number                                                 |
| Use With    | Where Electromagnetic Compatibility is required, industrial |

|  |                                                              |
|--|--------------------------------------------------------------|
|  | connectors, hoods, housings,<br>sealed enclosures, and boxes |
|--|--------------------------------------------------------------|
