Terms and Conditions: The Identification Solutions Hardware / Software Sales Promotion runs from October 1, 2011 to September 30, 2012. It is available to new customers of TE Connectivity identification products or to existing customers with new applications through direct and indirect channels in North America only. This promotion applies to incremental business. The promotional items can not be returned for credit or substituted for other TE Connectivity products. This promotion is not to be combined with any special price requests. The minimum qualifying order value to TE Connectivity is based on distributor's standard in column pricing for identification products. Distributors cannot ship out of existing stock to qualify for this promotion. Non-identification products are not to be considered as part of the minimum qualifying order value. Promotion items must be requested at the time of order placement. Service agreements are not included in the promotion and are a separate contract. The software listed in this promotion is the dongle version. Not valid where prohibited or restricted by law. TE Connectivity reserves the right to change or alter the details of the promotion at any time in its sole discretion without prior notice or liability.
